Audio Engineering Society (AES)

European Acoustics Association (EAA)

IberoAmerican Federation of Acoustics (FIA)

International Commission on Biological Effects of Noise (ICBEN)

International Congress on Ultrasonics (ICU)

International Institute of Acoustics and Vibration (IIAV)

International Institute of Noise Control Engineering (I-INCE)

Western Pacific Acoustics Commission (WESPAC)

To: Jean Mattei

Dear Jean,

It is a privilege for me to represent the International Commission for Acoustics (ICA), with its 50+ member societies and 15 board members from around the world, in wishing you the very best on your upcoming 100th birthday on September 21.

Besides your many important technical contributions to acoustics and noise control, the ICA is particularly grateful not only for your service as our President during 1972-1975, but also as Chair of the 1983 International Congress on Acoustics in Paris. We are also very thankful for your service over the years in the international noise community, especially in regard to your contributions to our International Affiliate member I-INCE and the INTER-NOISE congresses.

You have distinguished yourself over the course of your lifetime as an exemplary leader in the international acoustics community, so you have much to be proud of as you look back while approaching this remarkable milestone on your 100th birthday.

Mark F. Hamilton
President
International Commission for Acoustics

21 September 2020
